The [Pet Care Innovation Prize](#) was created to support and connect with early stage pet care startups that are currently in market with an innovative business addressing pet and pet owner needs in the areas of pet health and wellness, services, technology, and food, treats or litter. The Pet Care Innovation Prize is a collaborative effort of [Purina's 9 Square Ventures division](#) and impact investors [Active Capital](#). As Purina's corporate venturing group, [9 Square Ventures](#) has been focused on connecting with pet care startups since 2014. The team's mission is to leverage Purina's knowledge, experience, and financial resources to help emerging pet care startups scale their businesses and make a positive impact on the lives of as many pets and their owners as possible.
